MATERIAL R VALUE

WE ARE NEW ZEALAND'S WARMTH SPECIALISTS

As one of New Zealand's leading bedware manufacturers, Ellis Fibre has been keeping New Zealanders warm for decades. And now with the introduction of our Technobond® Polyester Thermal insulation we offer complete warmth for the entire family – from floor to ceiling and everything in between.

TECHNOBOND® FEATURES AND BENEFITS:

- semi-rigid construction for ease of insulation
- high underfloor rating – 15% higher than code requirement
- EECA approved and BRANZ appraised to NZ/AS 4859.1
- chemical free from formaldehyde based binders
- meets NZBC 15 – 50 year durability requirements
- experienced insulation manufacturer.

As shown above, Technobond® Underfloor has been designed to be easily installed between floor joists and comes in three different – 450mm, 500mm and 580mm, to ensure suitability for any home.

Technobond® polyester insulation products have an indefinite life and carry a 50 year durability warranty. They will not slump or lose loft over time, and if installed in accordance with manufacturers instructions, they will meet and even exceed it's 50 year durability.

MANUFACTURED IN NEW ZEALAND BY TECHNOBOND a division of Ellis Fibre Ltd.
